

PC221 Analog Electronics AC Circuits Lab Checklist (2.1)

1. Schematic
(from LTspice or CircuitLab) _____
2. DC Voltages and currents
(analysis, meter, scope, simulation) _____
3. AC Voltages and currents
(analysis, meter, scope, simulation) _____
4. Transient analysis trace / waveform sketch
(from LTspice or CircuitLab and scope) _____
5. Comments on results
(i.e. similarities and differences) _____
